## ***ABOUT THE MAMONT FOUNDATION***

The Mamont Foundation was established in 2007 to fund the exploration of the Earth's Polar Regions in order to better understand our planet. This includes the advancement in oceanic and polar research, the promotion and advocacy of informed action on climate change and notably, the advancement in mammoth and permafrost research. The Mamont Foundation's research provides insight into for modern research of animal migration as well as furthering our knowledge of these extinct mammals.
